Description

The Alibaba Cloud Associate (ACA) Security certification, commonly known as ACA Security certification, is the associate-level Alibaba Cloud Security Certification. It covers all of Alibaba Cloud's security products such as WAF, Security Center, Anti-DDoS, etc.

Intended Audience

This certification exam is not for Alibaba Cloud absolute beginners, prior Alibaba Cloud experience is required. Doing the ACA Cloud Computing Certification before the Security one is highly recommended, since it covers all core products of Alibaba Cloud and gives you a very good overview of the platform.
