Description

The Alibaba Cloud Professional (ACP) Security certification, commonly known as ACP Security certification, is the professional-level Alibaba Cloud Security Certification. It covers all of Alibaba Cloud's security products such as WAF, Security Center, Anti-DDoS, Data Security, etc.

Intended Audience

This certification exam is definitely not for Alibaba Cloud beginners, prior Alibaba Cloud experience is required. Doing the ACP Cloud Computing Certification and the ACA Security Certification before the ACP Security one is highly recommended, since it covers all core products of Alibaba Cloud and gives you a very good overview of the platform.
